

PRESS RELEASE

For Immediate Release:

August 2009 - Windham, Maine, USA

mWAVE Industries LLC is pleased to announce it finished 16th nationwide in the manufacturing category of the 2009 top 5,000 of the Inc. 500/5000 list of fastest growing private companies!!

mWAVE, a portfolio company of Anania & Associates Investment Co. LLC ("AAI"), nearly doubled its 2007 sales to over \$2,000,000 in 2008. Additionally, mWAVE won a large order for a rugged version of its grid antenna to be used by the United States Military. This order with multiple phases, along with other mWAVE antenna orders, will give mWAVE sales revenue of approximately \$4,500,000 in 2009. Visit this link for the report: <http://www.inc.com/inc5000/2009/company-profile.html?id=200905210>

"mWAVE 's recent order from a leading manufacturer of unmanned aircraft systems for the development of two new antenna designs to be used with their systems has helped sustain the company's growth. mWAVE's outstanding growth of 514.5%, as indicated by the Inc. 500/5000 report, is a testament to the dedication of its Founders and employees. Our proven mechanical and RF engineering provided the opportunity to significantly expand and grow this business," commented Peter V. Anania, Chairman of AAI. **"The ranking of 521 in the Inc. 500/5000 top 5,000 fastest growing private companies in the United States is a real achievement in this economic climate."**

mWAVE Industries LLC designs and manufactures, in the USA, antenna products for various applications including scientific, defense, and communications. Our key employees bring with them over 100 combined years of experience in the microwave antenna industry from companies offering both standardized and custom engineered solutions. They have backgrounds in electrical, mechanical, and structural engineering with vast experience in leveraging electromagnetic and structural modeling software tools. These key employees also have extensive experience from 100 MHz to 80 GHz, with apertures sizes from a single patch to well over 15 feet. This experience allows them to be flexible enough to quickly switch from office, to lab, to test range, to shop floor, and even out into the field with customers.

Other AAI Portfolio Companies:

MEGA Industries LLC, manufacturer of microwave components in Gorham, Maine since 1989.

Maine Cedar Log Homes LLC, manufacturer of quality log Homes in Windham, Maine since 1926.

White Cedar Gazebos, a Division of MCLH, creates quality gazebos with Maine craftsmanship and care.

MCL Realty LLC, a 5 unit incubator space building currently home to three Maine start-up companies.
